About our club

Established in 1993, **The Players' Club** was built to cater to the avid tennis fans in Upper Arlington, Hilliard, Dublin and surrounding area. The building was paid off years ahead of schedule and established itself as one of Central Ohio's most competitive clubs for junior and adult teams alike! The current owners took control in 2007 and have made numerous capital improvements to the building. Here are just a few things that we have to offer tennis fans of all ages and levels:

- Experienced and active teaching staff.
- Competitive adult teams and leagues.
- Junior development programs as well as elite junior training!
- Six indoor **plexicushion** courts, which is much easier on your knees; resurfaced summer 2022!
- Indirect lighting & NEW Ceiling insulation, which is noticeably brighter for indoor play!

Our awesome members are what makes our club so wonderful!!

Club Information

Part of the allure of belonging to The Players Club, is our flexibility in court availability, programs, and amenities... and of course our billing procedures. We strive to offer our members and their guests a quality product that they are obliged to pay. In addition, we've tried to make our policies and procedures as flexible and consistent as possible, while at the same time keeping in mind that we are running a business.

If you ever have any questions about your account, the programs you're involved with or ideas on how we can improve; don't hesitate to email, call or stop by the office!

Charges & Account

- Most club activities and Pro Shop items may be charged to a member's TPC account.
- Charge accounts may not carry a 60-day or longer balance.
- Charging privileges may be suspended or terminated at TPC's discretion at any time.
- Members whose charge accounts are not in good standing may be prohibited from playing, until the account is in good standing.
- All other club policies apply to all members, regardless of membership type.
- TPC accounts must be paid in full prior to September 1st in order for your Fall/Winter membership to be renewed.

Cancellation Policy

It is the policy at our club to allow members an appropriate amount of time to cancel group and private lessons, as well as Junior Program. We understand that "life" supersedes tennis, but please understand that we have a business to run.

Our instructors schedule their valuable time accordingly and with limited court space, a cancellation affects more than just the immediate persons involved. Therefore, we ask that you plan accordingly to these perimeters.

Our policy is for the player to inform us of their cancellation within 24 hours of the scheduled time of play. Failure to do so will result in your account being charged a "Cancellation Fee" of the amount of the activity scheduled.

Thank you for helping us provide the best quality product by adhering to this policy!

General Policies

- For the safety and enjoyment of all patrons, TPC prohibits pets: service animals are welcome!
- In cases of local travel advisories, Level 2 or higher, TPC may have modified club hours.
- Lesson "Make-ups" are not guaranteed and must be completed within the same season.
- Junior Program "Make-ups" are not guaranteed and only "granted" upon special circumstances.
- Junior Program "Make-ups" must be approved by the instructor overseeing that particular program.

Potential Members

We encourage our members to share their tennis experience with friends. These **Potential-Members** have limited access to the club, with a small fee incurred:

Guest Fee: \$5 (Playing with a Member)

One of the greatest feelings of belonging to a club, is sharing it with your friends. We encourage our members to share this experience with their fellow tennis fans, who are not yet members. This nominal fee allows guests of our members to come and play, for a maximum of three visits.

Lesson Fee: \$4 (Lessons and Clinics)

By allowing potential-members to take Group & Private Lessons at our club, it gives members the opportunity to expand their access to quality players and friends. Members have priority for club functions and scheduling lessons, but this small fee opens our doors to potential new members and teammates.

Instruction

The benefits of time spent on the court with a trained professional are limitless. When a player finds the right instructor, it's amazing how much their game will improve. Here are just a few reasons why Private and Group lessons are worth every penny:

Private Lessons

Group Clinics

- Learn and gain motivation from your peers
- Drills to simulate match-play positioning
- Great workout with Cardio-focused drills
- Share expenses
- Have fun in a social setting!

Group Lesson Billing

“Set in Stone”

We will invoice those persons listed as the “regulars” in a clinic, regardless of attendance. If players in this clinic have a schedule conflict, it is their responsibility to find a paying/non-paying “sub” to take their spot. In this option, you know what you’re being billed regardless of how many show up each week.

“Flexibility Matters Most”

In this option, only those players in attendance are charged for the clinic. Communication with the instructors is encouraged, but only those in attendance are charged. This way, prices vary based upon how many players show up.

Regardless of your billing choice, the group as a whole (including the instructor), are responsible for the court-time they’ve reserved. Complete cancellation of this time requires a minimum of a 24 hour notice (per club policy). If cancellations persists, losing this court reservation may be a possibility.

Adult Programs

Our Adult Programs are a great alternative to going to the gym... with the added bonus of learning this awesome game and making new friends! Many of these programs, you can sign-up for them at the front desk.

It's exciting when players come to us when making their equipment decisions! Many of us on staff are very much "*equipment junkies*", always looking for the next best thing. As a whole, our staff does a good job of representing the tennis manufacturers well. We know the products and we know our players. Let us help YOU when trying sticks out for your next purchase.

Stringing Tips

The most important "tuning" for a player's racquet are the strings. The type of string can make a huge difference in a player's game and health! Here are a few tips about racquet stringing:

- At a minimum, you should have your racquet restrung twice a year; Spring & Fall.
- If you have arm pain, let's lower the tension and use a softer string.
- Unless you're a 4.5+ player, using all-poly is not helping your game or body.
- For more spin, use a textured string, maybe in a hybrid pattern.
- If you have more than one racquet, rotate sticks regularly so they are all the same tension and feel.

We are fortunate these days to have such a variety of strings to chose from. Which one (or two) is right for you: polyester, co-poly, multifilament, monofilament, synthetic gut, natural gut, hybrid, textured, twisted, 15g, 16g, 17g, 18g, squared, triangular, pentagon, octagon, multicore, cross-woven foil wrap, etc.. Ask me sometime what's right for you!

Dear Parents...

Here are a few helpful ideas to allow your junior athlete to be successful in today's crazy busy world:

- **Consistent Schedule...** Make your weekly schedule and stick to it! We all have good and bad days, but stick with your weekly schedule and it will show when it counts!
- **Time Management...** Use study halls to get homework done. Use car rides to and from practice to take a quick snooze! All these little moments add up.
- **Life Balance...** Between school, sports, family, etc... make time to slow down; vacation, church, video games, playing in the neighborhood.
- **Communicate...** We all have Ups & Downs, bumps & bruises, questions & exclamations... talk with your parents, teachers and coaches about things that are bothering you, or something you want to celebrate!!
- **Make it YOURS...** Once a person commits to the activity he/she is doing, it's amazing the progress they will make!
